

## CMS FUNCTIONAL REQUIREMENTS (2002)

### ADDENDUM 6

1.	Criminal script Event #3	<p>The script indicates that Deft Jane Smith needs to have a preliminary hearing scheduled on 7/17/00. The date the case was filed was 7/5/01, (one should not be able to schedule a prelim hearing prior to the date the case was filed). Then later in event #15, which is dated 7/24/01, the script indicates the minutes for Deft Jane Smith's prelim hearing should be entered. But in event #3, the prelim was scheduled on 7/17/00. Isn't the actual date of this preliminary hearing really supposed to be 7/17/01?</p> <p>Response: Yes, that's an oversight on our part.</p>
2.	Criminal script Event #7	<p>Deft. Joe Daley is supposed to be scheduled for an arraignment on 7/10/01. Then the script indicates that the Dept is overbooked and the Supervisor needs to override the limits. But then she overrides the overbook and schedules the arraignment on 7/17/01. Then later in event #9, which is dated 7/10/01, the script indicates that the minutes of Joe Daley's arraignment should be entered. Isn't the arraignment really supposed to be on 7/10/01, because Supervisor was able to override booking problems?</p> <p>Response: Yes, since the script says she overrides the overbooking that would make the date 7/10/01.</p>
3.	Criminal script Event #16	<p>Deft Joe Dough is HTA and the script indicates the Arraignment of the Information should be scheduled on 7/27/00. (Arraignment on the information is dated prior to the defendant being Held to Answer. Isn't the Arraignment on the Information really supposed to be scheduled on 7/27/01? The information pleading is only filed after the defendant has been Held to Answer?</p> <p>Response: Yes, that's correct.</p>
4.	Traffic script Event #2	<p>For the arraignment dated 6/12/01 the script indicates that a Pretrial Hearing should be scheduled on 7/2/01. Then in event #3, the script indicates for the Court Trial date be scheduled for 6/15/01, which the defendant fails to appear, but the script never indicated a Court Trial being set. Is it intentional that a Pre-Trial hearing is being set 'AFTER' the court trial is scheduled?</p> <p>Response: That was oversight, definitely not an intentional one. Since the Defendant fails to appear on 6/15/01, the date for the court trial should be a date later than the pre-trial hearing, so please set the trial for 7/15/01.</p>
